

## **The Sufficient King (Matthew 15:29 – 16:12)**

We all want to be led by a great leader. But so often those leaders seek to please our wants rather than addressing our needs.

### **1. The wisdom of those who come to Jesus expectantly**

We need to come and lay our lives at Jesus's feet. He is compassionate and powerful and able to meet our every need.

### **2. The folly of those who come to Jesus unimpressed**

There are those who refuse to accept that Jesus is sufficient. That is a dangerous place to be and it is a dangerous teaching to accept.
